

From the Pastor's Desk.....

If My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land.

2 Chronicles 7:14

NKJV

Hello family,

As we enter into the new- year you have probably noticed how sideways, upside down, and just plain messed up a lot of things are;

Not only in this great nation but all around the world.

Have you also noticed that sin in every imaginable form is becoming, and in too many cases has already become, more the acceptable norm than anything else?. Not just in some circles but from top to bottom and all points in between.

These days it seems that every time you turn on the news or open a news paper, or read the headlines on your internet home page, there is some kind of scandal or corruption that has either just been discovered, is an on-going investigation, or a known wrong-doing that nobody has been or quite possibly is ever going to be accountable for. There is always somebody doing something that is either illegal, immoral, unethical, or all of the above, and then publicly complaining about how they were wronged, it's not their fault, etc., and again no accountability.

We are living in a time where wrong is called right; godly standards are called judging or criticizing, and sin is excused and dismissed by political correctness and the lack of any real moral code or even a resemblance of godly standards.

Have you noticed how many people are speaking out about what they believe to be morally or ethically right while they openly deny God and His standards?

That's kinda like purposely standing in a fire and then telling every one around you to be careful of the heat. Just sayin'. So what's my point? Glad you asked.

As Christians we have to be willing to fully live our lives for the Lord Jesus Christ. We have to make sure that we remain humble before the Lord; that we stay in close fellowship with Him by praying to Him, and of course, by obeying Him.

We have to make sure that we read His Word and know what His standards are and that we live our lives accordingly, not hating those that don't know those standards or that do know them and reject them, but wanting God's best for them, praying for them to turn to the Lord, ministering to them at every opportunity.

We need to make sure we're living the way that we say we believe. We also need to be willing to stand up for our God, to put our faith into action.

Let's start by making sure we are right with the Lord individually, then praying continuously, earnestly, specifically for the people of this great nation we live in, let's continuously pray for our political leaders and all people to acknowledge, turn to, and follow the Lord, to seek His will, and His way, and His best so that we can truly be a nation under God.

In Christ's love,

Pastor Dave Wolff.
